## Professional Summary

Results-driven **Cloud Developer** with 3+ years of experience in designing, developing, and deploying scalable cloud applications using **AWS, Python, Node.js, and React**. Adept at building microservices, containerized solutions with **Docker**, and implementing CI/CD pipelines. Passionate about optimizing performance, cost, and scalability across cloud environments.

## Technical Skills

<b>Programming:</b>	Python, JavaScript (ES6+), Node.js
<b>Frontend:</b>	React, Redux, HTML5, CSS3, REST APIs
<b>Cloud Platforms:</b>	AWS (EC2, S3, Lambda, CloudFormation, RDS)
<b>DevOps:</b>	Docker, CI/CD, GitHub Actions
<b>Databases:</b>	MySQL, PostgreSQL, MongoDB
<b>Tools:</b>	VS Code, Jenkins, Jira, Postman

## Professional Experience

### Cloud Developer | NovaCloud Technologies | Bengaluru | Jun 2022 – Present

- Developed and deployed scalable cloud applications using AWS Lambda, S3, and EC2.
- Built backend REST APIs with Node.js and integrated frontend React dashboards.
- Implemented Docker-based microservices improving system scalability by 35%.
- Automated CI/CD pipelines using GitHub Actions and AWS CodePipeline.

### Software Engineer | CloudMatrix Pvt. Ltd. | Pune | Jan 2020 – May 2022

- Designed and deployed AWS infrastructure with CloudFormation templates.
- Developed Python scripts for automation and data synchronization tasks.
- Enhanced frontend performance by 25% using React optimization techniques.
- Worked closely with cross-functional teams on DevOps and cloud migration projects.

## Education

Bachelor of Technology in Computer Science – XYZ Institute of Technology, 2019

## Key Projects

### 1. Cloud File Management System (AWS + React + Node.js)

Developed a cloud-based file storage solution using AWS S3 and EC2, allowing users to upload, share, and manage files securely.

### 2. CI/CD Pipeline Automation

Implemented an automated deployment system using Docker and AWS CodePipeline, reducing release time by 50%.

**Certifications**

- AWS Certified Developer – Associate
- Docker Certified Associate
- JavaScript (Advanced) – HackerRank
